

10 year lithium battery for smoke detector

Overview

What battery does a smoke detector use?

When it comes to your home and family's safety, it's critical to have functioning alarms and to know what battery your smoke detectors use. The battery in your smoke alarm should be something that you can rely on. That's why at First Alert, we recommend a 10-Year Sealed Battery Smoke Alarm. Are 9V or AA's the Best Battery for Smoke Detectors?

.

What is the best battery for a smoke alarm?

The Ultra Life 10 Year Smoke Alarm Battery is the first long lasting Lithium 9-Volt made. It's a batter made for smoke alarms. This battery is also a pretty popular choice for carbon-monoxide detectors, wireless security devices and music and audio devices.

How long does a smoke detector battery last?

The Ultralife 10 Year Smoke Detector Battery is the only 9V battery warranted to last 10 years. Alkaline batteries in smoke detectors have to be changed every year. With the Ultralife 10 Year Battery, state-of-the-art lithium technology keeps your life-saving detector energized for a full 10 years.

Do I need a 10-year sealed battery smoke alarm?

In some areas of the country, it is required to have a 10-year sealed battery smoke alarm. Check out our smoke alarm laws and legislation map for specific requirements for your state. Even if it is not mandated in your area, First Alert highly recommends these smoke detectors.

How often should a smoke detector battery be changed?

Alkaline batteries in smoke detectors have to be changed every year. With the Ultralife 10 Year Battery, state-of-the-art lithium technology keeps your life-

saving detector energized for a full 10 years. You can forget all those "low-battery" alarms that always seem to sound in the middle of the night.

How long does a Energizer smoke alarm battery last?

Energizer says that this battery has a 10 year shelf life, but we wouldn't recommend waiting that long. You could, however, safely get 6-7 years out of it though. With that said, I still like to change my smoke alarm battery every year, 2 years at most. 2. Energizer 9-Volt Alkaline Industrial Batteries
