

100 watt solar panel briefcase

Overview

What is a 100W Solar Suitcase?

Along with the adjustable aluminum stand, latches, and heavy duty handle, this 100W Solar Suitcase will change the way the world looks at portable power. The Renogy solar panels use Grade A+ solar cells, multi-layered sheet laminations enhance cell performance and provide a long service life.

What is a boulder 100 briefcase?

Our Boulder 100 Briefcase is designed to pair with a Goal Zero Yeti power station for a solar charging solution that you can use for camping, work sites, off-grid events, and backup power at home when the grid goes down. Durable and dependable | Two 50-watt monocrystalline solar panels combine in a briefcase-style design for ultimate portability.

What is a renogy 100W Solar Suitcase?

The Renogy 100W Solar Suitcase comes with two 50W Monocrystalline Solar Panels, one set of wires with solar connectors, and one protective soft case for safe portability. Along with the adjustable aluminum stand, latches, and heavy duty handle, this 100W Solar Suitcase will change the way the world looks at portable power.

Why should you choose a Solar Suitcase?

□ Highly portable design □ foldable solar suitcase small in size, provide more flexibility for outdoor and off-grid use, easy to carry, store and set up.

□ Remarkable efficiency □ Renogy solar panels using grade A plus monocrystalline solar cells. Advanced smart PWM technology charge controllers ensure charging efficiency and safety.

Are solar panels waterproof?

The solar panels are fully waterproof with IP66 class. It will be able to work on rainy days and applicable to a wider range of scenarios, such as marine,

yacht, etc. But we recommend you to use it with a waterproof charge controller, since water into the regular controller may damage the internal circuitry.

What is included in a solar kit?

Available at a lower price from other sellers that may not offer free Prime shipping. □ Plug and play solar kit □ complete kit includes a 100W solar suitcase, a 20A waterproof charge controller, and alligator clips. Compatible with multiple kinds of 12V batteries, easily add to your existing system.
