

123 solar power scam

Overview

Are free solar panels a scam?

Know that “free” or “no cost” solar panel offers are scams. The federal government does not install solar systems in homes for free. If you’re considering whether solar energy is right for you, check out the Department of Energy’s guide for homeowners and learn more. Or check out the Department of Treasury’s guidance on clean energy.

What is a solar energy scam?

The scams vary, but here’s the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy or other home improvements designed to increase energy efficiency. If you agree to the scammer’s offer, it could cost you tens of thousands of dollars.

What are some common solar panel scams?

Some common solar panel scams include: Scammers may advertise “free solar panels” as a way to attract consumers. However, these deals often come with hidden costs or requirements. They may ask for upfront fees, installation charges, or long-term contracts with high monthly payments.

How do I avoid solar panel scams?

To avoid falling victim to solar panel scams, it's essential to be vigilant and take proactive measures. Here are some tips to help you steer clear of scams: Research and Verify: Thoroughly research any solar company or installer before engaging with them. Check their credentials, reviews, and ratings from reliable sources.

Is going solar free?

While there are some government-funded solar programs for households that qualify, “going solar” isn’t free. Honest businesses will tell you exactly how

much it'll cost to get and install solar panels. Here's how to steer clear of the scams.

Are solar panels free?

As far as actual free solar panels go, there are some small programs in places, like the Solar for All program in Washington D.C., geared toward low-income households that offer modestly-sized solar panel systems for free. Very few homeowners will be able to qualify for these low-income solar programs. How much will solar panels cost you?
