

1956 dodge royal lancer power brake system

Overview

What color is a 1956 Dodge Royal Lancer?

This 1956 Dodge Royal Lancer four-door hardtop sedan is finished in two-tone red and gray with a white roof over red and white upholstery, and power is supplied by a 315ci V8 paired with a two-speed automatic transmission.

Who owns a 1956 Dodge Royal Lancer?

One of the nicest 1956 Dodges we have ever seen is this unrestored Custom Royal Lancer, owned by Margaret Carson of Tequesta, Florida. "It's a very dependable car, and an absolute pleasure to drive," Margaret told us. "My parents owned one; I drove it in high school and always thought it was a cool car with the tailfins.

What happened to a 1955 Royal Lancer?

The seller acquired the vehicle out of Massachusetts in June 2021 and subsequently rebuilt the carburetor, changed the fluids, and serviced the brakes and the cooling system. This Royal Lancer is now offered with refurbishment photos, a copy of its 1955 sales invoice, an owner's manual, and a clean Virginia title in the seller's name.

What was wrong with the 1959 Royal Lancer TorqueFlite?

Motor Trend put a 1959 two-door Custom Royal Lancer through its paces in the March 1959 issue with not a single complaint about the TorqueFlite: "Plenty of power [for the car] plus an intermediate gear selector. that allows engine breaking at the push of a button.

What's in the engine bay of a 1956 Dodge Ram?

Everything in the engine bay is original: the engine, windshield washer bag, firewall markings, and even the Super Red Ram decals are in remarkable condition. One of the nicest 1956 Dodges we have ever seen is this unrestored Custom Royal Lancer, owned by Margaret Carson of Tequesta, Florida.

What type of cylinder did a 1956 Dodge Ram use?

Enthusiastically called the Super Red Ram, Dodge's cast-iron V-8 block was also used by the revered Hemi; for the 1956 model year, though, it had polyspherical-shaped cylinder heads instead, which used a single rocker shaft to activate the valves.
