

6a power plant near sol elite dangerous

Overview

Where can I buy a 6A power plant?

In Elite Dangerous, you can buy a 6A power plant at Outposts, Stations, Planetary bases, or Megaships.

What happens if a ship's power plant is disabled?

Larger power plants are able to produce more energy, while power plants with higher ratings are more efficient. In the event that a ship's Power Plant is disabled during combat, its power output is halved, but module priority control can be used to keep some important modules powered.

What happens if a power plant is disabled?

Repeated strikes to a "disabled" Power Plant can potentially cause a catastrophic breach in its containment systems, which can destroy a ship regardless of its remaining hull integrity.

Should I get a 6A or 6B power plant? : r/EliteDangerous

You want to always A-rate your power plant.¹
Highest power output, best heat efficiency.
Lower mass and more output than the next higher D. Also way better efficiency, obviously.
