

Altronics lithium battery

Overview

What kind of batteries does altronics stock?

Altronics are stockists of premium quality batteries including SLA, Lithium, LiFePO4, and alkaline cells in popular consumer sizes. Whether it's a AA, 9V, 18650 or a huge SLA battery. We stock it.

Where can I buy a lithium battery?

Shop our range of Lithium Batteries. Altronics are stockists of premium quality batteries including SLA, Lithium, LiFePO4, and alkaline cells in popular consumer sizes. Whether it's a AA, 9V, 18650 or a huge SLA battery. We stock it.

What are Powerlite lithium batteries?

POWERLITE lithium batteries are extremely Lightweight High Power batteries with the latest technology. POWERLITE Pro Series features an advanced Battery Management System that completely controls all battery functions.

Altronics lithium battery

- LiFePO₄ Battery, safety
- Wide temperature: -20-55°C
- Modular design, easy to expand
- The heating function is optional
- Intelligent BMS
- Cycle Life: > 6000
- Warranty: 10 years

Altronics Powerlite 16-Volt Lithium Batteries

Altronics Powerlite 16-Volt Lithium Batteries are an excellent alternative to lead acid batteries for conventional 16 volt racing electrical systems. Overall Powerlite batteries are lighter, charge ...

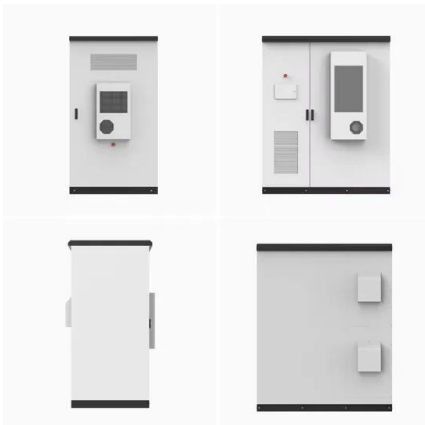

Lithium Batteries Other

Shop our range of Other Lithium Batteries. Altronics are stockists of premium quality batteries including SLA, Lithium, LiFePO₄, and alkaline cells in popular consumer sizes. Whether it's a AA, 9V, 18650 or a huge SLA battery. We stock it.

Altronics Powerlite Lithium Battery Kits ALT-16V920-KIT

Altronics Powerlite Lithium Battery Kits. Summit Racing Part Number: ALT-16V920-KIT. Battery Included: Yes. Battery Usage: Deep cycle/Starting. Volts: 16 V. Battery ...

Lithium Batteries

Battery Experts for Over 50 Years. Over 50 years ago, GP started manufacturing 9-volt dry batteries in a small factory on the outskirts of Hong Kong. Since those humble beginnings, GP has grown to become one of the world's biggest suppliers of portable power.

LiFePO4 Batteries

Batteries & Battery Chargers Powerhouse Powerhouse DC's range of batteries includes both Sealed Lead Acid (SLA) and Lithium Iron Phosphate (LiFePO4) options. Our SLA batteries provide a reliable and cost-effective solution for various applications, while our LiFePO4 batteries deliver lightweight and high-capacity power, making them ideal for demanding environments.

Altronics Powerlite Pro Series LiFePo4 2000 Lithium 16-Volt Battery

Get the Best Performance with Altronics Powerlite Pro Series LiFePo4 2000 Lithium 16-Volt Battery 16VP2000 parts at JEGS. Shop Now at the Guaranteed Lowest Price!

Safe Investment: Why Your Racecar Needs A Quality Lithium Battery

Altronics uses a brand called A123, a popular form of Lithium Iron Phosphate cell originally developed by the U.S. government that's roughly the size of a "D" lead-acid battery. This A123 (a LiFePo4 Lithium Iron Phosphate type) is considered among the highest

[What are LiFePO4 Lithium Batteries?](#)

It is important to note that prior to first use, all LiFePO4 batteries should be fully charged. Altronics LiFePO4 batteries are supplied 30% charged from the factory. If a LiFePO4 battery's BMS "low battery cut off" activates, it will disconnect the battery from the
