

Average utility scale ESS price per 100kW in Guernsey

Overview

How much does Guernsey Electricity cost?

Guernsey Electricity's standard tariff charges a single rate for your electricity usage. A medium-sized household using 3,100 kWh of electricity annually would spend an estimated £657.16 per year on this tariff. Households on the Domestic Super Economy 12 tariff are charged two different rates for electricity consumption.

Does Guernsey Electricity offer a business tariff?

These customers can get paid for the electricity they put back into the grid. Apart from domestic tariffs, Guernsey Electricity also offers tariffs for business electricity. The above tariffs for households can also be applied to businesses at the same price.

How will Guernsey Electricity rebalance its income?

The increase will see a rise in both the unit price of electricity and the quarterly standing charges, which together make up customer bills. This will begin to rebalance the amount of income which Guernsey Electricity receives from each element.

How do I pay my Guernsey Electricity Bill?

All electricity bills are paid on a quarterly basis by default; however, customers can arrange to be billed on a monthly basis. You will need to contact Guernsey Electricity to request this type of payment. Not sure what tariff you are on with Guernsey Electricity?

.

When is a low rate applied to Guernsey Electricity?

The low rate is applied for 10 hours at night, when usage is generally low, and for two hours during the day. A higher unit rate is applied for the remaining 12

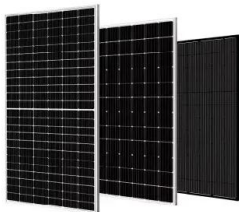

hours during the day. For information concerning what times the discounted rates are available, call Guernsey Electricity at 200700, and select option four.
