

Big battery reviews

Overview

Are bigbattery lithium RV batteries reliable?

BigBattery lithium RV battery packs have a track record of being exceptionally reliable while guaranteeing a worry-free experience. Our advanced lithium RV & Van-life solutions reduce generator time and minimize charging periods. We also offer our RV batteries with inverters, so you have a one-stop shop for compatible accessories.

Does bigbattery take unused batteries?

BigBattery pays, rather than charges, companies to take away their unused or returned batteries—the only way to ensure sustainable reuse and recycling. Most of BigBattery's supply comes from manufacturers' overstock, but they also take in secondhand car, e-bike, and scooter batteries.

Where do bigbattery batteries come from?

Most of BigBattery's supply comes from manufacturers' overstock, but they also take in secondhand car, e-bike, and scooter batteries. Then BigBattery's 130 employees break them down and recombine them. The full assembly process for one of BigBattery's larger battery packs.

What is a bigbattery battery pack?

BigBattery industrial lithium battery packs were designed as a plug-and-play option for electric commercial and industrial vehicles currently using lead-acid batteries. By switching to BigBattery lithium, your vehicle will gain more power and have less weight with increased operational hours.

What happened to bigbattery?

In July 2023, BigBattery experienced a security breach as a result of unauthorized access by a third party now identified as "BatteryEVO". After a full investigation, the incident was traced to the owner of BatteryEVO (Xi Wang), operating out of a IT Asset Partners, Inc. battery recycling facility.

Who owns bigbattery & batteryevo?

Clifford Eric Lundgren owns BigBattery. Xi Wang owns BatteryEvo. Clifford Eric Lundgren has a bit of a history, and was previously the CEO of IT Asset Partners. He also went to prison. I recommend reading into it as there is a story behind it.

Bigbattery Reviews

3 reviews for Bigbattery, 3.0 stars: 'Purchased an inverter and battery from Big Battery. Out of the box we've had issues with the inverter. 3 months into doing everything they've asked and no closer to resolving the issue. Technical support department is no more than reading the manual. This week it's just ignoring me. No return on any of my emails. Too much detail to ...

Review of Big Beard battery?

Hi all, Anybody have any experience with the new Big Beard battery? It is a 280Ah LiFePo4 battery with a published charge/discharge rate of 200A continuous. The only down side spec is the 5000 cycle lifetime which I hope can be improved with the correct usage. I would love to see a review by Will.
