

Bigblue 28w solar panel

Overview

What is the BigBlue 28W solar charger?

The BigBlue 28W solar charger is a 3 USB ports charger that allows you to charge multiple devices at once. It comes with smart charge technology which can recognize your device and provides optimal charging speed accordingly. BigBlue ensures 100% safe charging with overcurrent, overheating, and short-circuit protection.

How many Watts Does a BigBlue solarpowa 28 have?

Anker Solix 30W Fol. The BigBlue SolarPowa 28 (with no ammeter) is a 24-watt mono-crystalline folding solar panel that weighs 20.9 ounces and is 31 inches long, 11.5 tall, and 0.2 inches thick when fully opened. It does not have an integrated battery but has three USB ports, each outputting 2.4 amps.

How many USB ports does a BigBlue solarpowa 28 have?

Equipped with three upgraded USB (Type A) ports. Each maximum output is 5V/2.4A and the total maximum current is at 5V/4.8A. BigBlue SolarPowa 28 (with no ammeter) solar charger allows you to harness the sun's energy to charge multiple devices at once.

Should I buy a BigBlue 28W solar panel?

If you're car camping you can get better performance with a bigger panel, but the BigBlue 28W would still be helpful, especially if you lay it out in direct sunlight. It would also work well for travel to places with unreliable electricity, as it's thin enough to pack easily into a suitcase.

How many USB-a ports can a BigBlue 28W solar charger charge?

See more Upgraded Triple USB-A Port: Each maximum output is 5V/2.4A and total maximum current of 3 USB is at 5V/4.8A. BigBlue 28w solar charger allows you to charge multiple devices at once. It comes with smart charge technology which can recognize your device smartly then providing optimal

charging speed vary with different devices.

How many solar panels does a BigBlue solar charger have?

The BigBlue solar charger has five panels that fold up into the footprint of a single panel. Four are solar panels, and the fifth has a device pocket and three USB charging ports. Four eyelets on the corners attach to included mini-carabiners for securing the panel to whatever your setup is.
