

# **Bold energy**

## Overview

---

What is bold energy?

In line with the United Nations Sustainable Development Goal 7 by the United Nations, Bold Energy seeks to create access to affordable, reliable, sustainable and clean energy for everyone in Uganda and South Sudan.

What is the bold energy plan?

The Bold Energy Plan is a program we launched in 2008 to improve energy efficiency and reduce greenhouse gas emissions at our global facilities. In 2019, we completed 66 energy savings projects with a savings potential of about 14,200 metric tons of carbon dioxide equivalent for the year.

What is bold power?

- BOLD POWER is an exceptionally versatile multi-purpose concentrate which cleans everything from the kitchen to the oilfield.
- BOLD POWER will not harm metals or any other surfaces which are not harmed by water. Its powerful formula can cut the toughest grease and grime, but is still gentle enough to use on glass, flooring and painted surfaces.

Who is blue energy?

BOLD Energy is an environmentally proactive driven company built on a strong team of engineers, experts, consultants and senior business leaders with solid background of over 25 years' experience worldwide in the sustainable and eco-friendly waste management, water, energy and Oil & Gas sector.

Who is bold electric?

Now also servicing the Vernon and Kelowna area of British Columbia! Bold Electric are at the forefront of innovative practices, professionally crafted workmanship, and are a true believer in uncompromising service. We have developed exceptional skills in the residential, commercial and industrial

electrical industries.
