

Can the trunk storage panel of Yige be adjusted

Overview

Are trunk organizers adjustable?

Some trunk organizers feature multiple compartments that can be customized so you can adjust their size. Other organizers will have fixed compartments in various sizes, but they aren't adjustable. As you can also probably tell, trunk organizers come in all sorts of sizes, allowing you to choose exactly what you need.

Do I need a trunk organizer with multiple compartments?

If you mainly need a trunk organizer for transporting groceries, you don't necessarily need one with multiple compartments. If you often travel with kids, you'll probably want a trunk organizer with multiple compartments that you can customize for small and larger objects.

Why does my car have a trunk gap?

Be careful adjusting this. Typically when people have a trunk gap it's because their rear bumper is misaligned, not the trunk. For example, the left side trunk gap. If you lower the left side rubber bump stop located on the inside of the trunk, the trunk will then rest directly on the rear bumper which will cause damage.

Do I need a waterproof trunk organizer?

Another factor to consider is whether you need a waterproof trunk organizer, which is important if you're using it in the bed of a truck. Handles can also

come in handy if you want to take the entire organizer out of your car at once.
