Overview

What types of conductor products does Maclean Power Systems offer?

MacLean Power System's conductor products are available for use on a range of materials, including Aluminum, Copper, Steel and more. Whether you need a product for splicing, dead-ending, or tapping, Maclean Power Systems offers the solutions to fit your need. MacLean Power Systems offers an extensive line of premium safety and grounding products.

Who is Maclean Power Systems?

MacLean Power Systems – We are “Connecting People for Good” by manufacturing and supplying products for electric utility, communication and civil infrastructure markets. We strive to create a workplace that practices respect, openness, collaboration, and personal growth.

What are Maclean Power Systems Safety and grounding products?

MacLean Power Systems Safety and Grounding Products are manufactured to the latest ASTM F855, CAN-ULC-61230 and IEC 61230 Standards. All products have been tested at independent laboratories to the above standards. MPS offers a wide variety of standard and high strength silicone station posts from 7.5 kV to 345 kV for the utility market.

Why should you choose Maclean Power Systems?

MacLean Power Systems offers an extensive line of premium safety and grounding products. Rigorous testing. Proven performance. Our cutout product line has been designed and engineered to meet the current and stringent IEEE 2016 certification standards.

Does Maclean Power Systems have a fiberglass bracket line?

MacLean Power Systems produces fiberglass brackets. They are making improvements to their product line, transitioning from a painted rod on all brackets. Click the video below to watch a sneak peek of their expanding MPS

Alabaster, AL facility!.

What is a Maclean power shaft screw anchor system?

MacLean Power Systems Power Shaft Screw Anchor System offers a versatile and cost effective power driven screw anchor for application through Class 2 soils and to 150,000 lb holding strength. These anchors can be installed to an unlimited depth with either a boom suspended torque motor line truck or rack type digger truck.
