

Company achieved solid performance

Overview

What makes a high-performing workforce?

But in our research into what makes for a consistently high-performing workforce, we've found good reason to care: Happy employees produce more than unhappy ones over the long term. They routinely show up at work, they're less likely to quit, they go above and beyond the call of duty, and they attract people who are just as committed to the job.

What makes a good performance review?

Punctuality, time management, and planning keep work flowing. In performance reviews, ensure all team members understand how their work ethics contribute to overall success. Show your appreciation to those employees who keep administrative tasks running smoothly. Here are some examples: 41.

Why did we reclassify the results of our self-developed online games business?

Beginning on April 1, 2020, we reclassified the results of our self-developed online games business, which was previously reported under the innovation initiatives and others segment, to the digital media and entertainment segment because it has moved beyond the incubation stage.

What are the benefits of optimizing performance elements?

Optimized performance elements can also lead to cost savings and increased productivity, which can ultimately contribute to higher profits and improved financial performance. By continuously striving for optimized performance, organizations can better position themselves for success. 2. Enhance employee productivity
