

Deye Photovoltaic Inverter Factory

Overview

Who is Deye inverter?

Deye Inverter Technology Co., LTD. (Ningbo, China) a global provider of solar inverter, hybrid inverter and microinverter for solar grid-tie system and energy storage system applications, is going to launch its range of award-winning three-phase hybrid inverter of 8/10/12KW in the Europe market. December 17, 2020 Deye Inverter Technology Co., LTD.

Who is Ningbo Deye inverter?

Factory cover over 15,000m² and complete production and testing equipment, Deye has become a major player in the global solar inverter market. Ningbo Deye Inverter Technology Co., Ltd is dedicated to providing complete photovoltaic power system solutions, including residential and commercial power plants solutions.

Who is Deye solar?

Deye is dedicated to providing complete photovoltaic power system solutions, including residential and commercial power plants solutions. With a plant area over 15,000m² and complete production and testing equipment, Deye has become a major player in the global solar inverter market.

Where are Deye solar inverters sold?

Deye solar inverters are sold to Europe, South America, Australia, Southeast Asia, Africa, and 42 other countries and regions.

Does Deye string inverter work with diesel generator?

When grid failure, the string inverter is able to work with diesel generator directly without any additional EMS device. With this frequency droop feature, Deye string inverter is capable of using in poor grid area. PV inverter manufacturer and Solar On-grid, Grid-tie inverter suppliers in China.

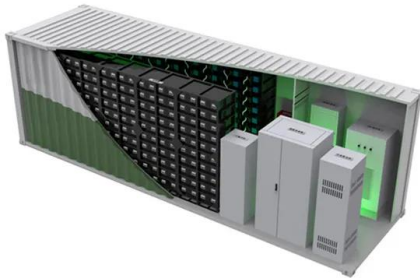

Can Deye string inverter use in poor grid area?

With this frequency droop feature, Deye string inverter is capable of using in poor grid area. PV inverter manufacturer and Solar On-grid, Grid-tie inverter suppliers in China Company founded in 2007 with registered capital 205 million RMB (Over 30 million USD), is one of the China's high-tech enterprises and a subsidiary of Deye Group.
