Overview

What is ESL Power Systems?

ESL Power Systems, Inc. is a customer service centric company that has emerged as an innovative leader in the design and manufacturing of custom engineered electrical equipment since its inception in the early 1990's. Today, it is a 100% employee owned company proud to offer safe and reliable power solutions to a wide variety of industries.

What does ESL do?

ESL is the global leader in providing safety-interlocked power solutions for cord-connected electrical equipment. ESL designs and manufactures Safety-interlocked Reefer Outlets to meet all power requirements for a wide variety of applications. ESL builds Ship-to-Shore electrical power distribution equipment for military and commercial applications.

Who is ESL?

ESL is a leader in the design & manufacturing of power distribution solutions, reefer outlets, manual transfer switches, shore & industrial power solutions.

What is ESL power distribution?

ESL builds Ship-to-Shore electrical power distribution equipment for military and commercial applications. ESL's Emergency Power products are engineered to provide safe and easy portable generator hook-up with cam-style connectors. ShowSwitch™ is ESL's Company Switch power distribution unit designed for entertainment venues.

What is ESL industrial power?

ESL provides wayside operators with safe temporary plug-in power to passenger trains when locomotive engines have shut down or disconnect. ESL's Industrial Power products are designed with varying voltages and amperages to accommodate a wide range of applications.

Why should you use ESL's shipyard products?

ESL's Shipyard products provide users with safe and simple operation in the most demanding shipyard and marine environments. ESL provides wayside operators with safe temporary plug-in power to passenger trains when locomotive engines have shut down or disconnect.
