

Expected ROI of residential ESS project in Tunisia 2025

Overview

Will the construction industry expand in Tunisia in 2025?

GlobalData expects the Tunisian construction industry to expand by 1.2% in real terms in 2025. This will be supported by increased flows of foreign direct investment (FDI), alongside greater investments in infrastructure and energy projects.

What is the growth rate of the Tunisian construction industry?

The Tunisian construction industry is expected to record an annual average growth rate of 3.1% from 2026 to 2029, supported by the investments in the transport, renewable energy, and hydrogen projects.

How much FDI does Tunisia have in 2024?

According to the Tunisian Agency for the Promotion of Foreign Investments (FIPA), in 2024, FDI in Tunisia reached TND2.9 billion (\$896.4 million), up by 21.4% from TND2.4 billion (\$738.1 million) in 2023, reflecting growing investor interest.

How much will Tunisian government spend on road upgrades?

The Tunisian government is contributing TND21.4 million (\$6.6 million) to upgrade 188.9 km of classified roads across seven regions: Kef, Kasserine, Sousse, Sfax, Kairouan, Siliana, and Gafsa.

Search all the announced and upcoming GUSESS projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Tunisia with our comprehensive online database.

Tunisia Building Construction Market (2025-2031) , Size

In the Tunisia building construction market, there are several investment opportunities for both local and international investors. The country is experiencing an increasing demand for ...

European residential BESS industry , McKinsey

Manufacturers of residential battery energy storage systems in Europe face competitive pressure from players in Asia--and they need to adjust their strategies to stay ahead.

Europe's Residential Battery Storage Inventories ...

Thirdly, the ongoing upgrade of residential products is resulting in the introduction of more high-capacity residential storage options. Notably, companies like Huawei and BYD have launched residential ESS products with ...

Tunisia Construction Industry Report 2025 , Output to

The Tunisian construction industry is expected to record an annual average growth rate of 3.1% from 2026 to 2029, supported by the investments in the transport, ...

We Surveyed Energy Storage Developers and Here's ...

In our inaugural energy storage developer survey, the ETB team recently surveyed energy storage system (ESS) project developers to gain insight on the types of projects in development, which hurdles are most faced when ...

JEUN'ESS: Promotion of Social and Solidarity Economy and ...

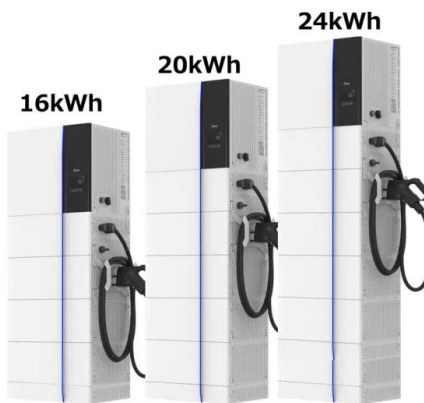

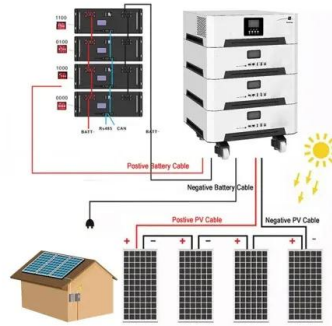

The JEUN'ESS project aims to create decent jobs for young people in disadvantaged areas and support the transition to the formal economy through the promotion ...

Battery For Energy Storage Systems (ESS) Market to grow by ...

/PRNewswire/ -- Report with market evolution powered by AI - The global battery for energy storage systems (ESS) market size is estimated to grow by USD 22.18

Tunisia Construction Industry Report 2024: Output to Grow

The Tunisian construction industry is expected to record an annual average growth rate of 2.9% from 2025 to 2028, supported by the government's aim to improve the ...

Tunisia ess in energy

There are 30 ESS projects planned in MENA between 2021 and 2025 with a total capacity/energy of 653 MW/3,382 MWh - out of which 24 projects are for VRE integration and grid firming. The ...

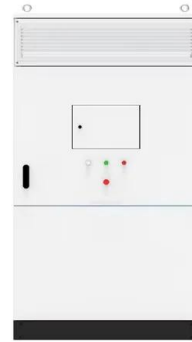

Tunisia Construction Industry Report 2025 , Output to

Analysis of the mega-project pipeline, including breakdowns by development stage across all sectors, and projected spending on projects in the existing pipeline.

US energy storage installations grow 33% year-over-year

Residential energy storage had a boom year for growth, deploying 1.25 GW in 2024, a 57% leap above 2023 totals. Residential battery installers had a record quarter in Q4 ...

Forum on Social and Solidarity Economy (SSE) and Social ...

The Forum will be held from May 26-28, 2025, at the Cité de la Culture in Tunis. This event, organized by the Ministry of Economy and Planning, the International Labour ...

Residential AllInOne Energy Storage Systems ESS Market Outlook 2025

Residential All-In-One Energy Storage Systems (ESS) Market Growth Analysis, Dynamics, Key Players and Innovations, Outlook and Forecast 2025-2032

Tunisia Construction Industry Report 2024: Output to Grow by ...

The Tunisian construction industry is expected to record an annual average growth rate of 2.9% from 2025 to 2028, supported by the government's aim to improve the ...

Residential PV-ESS System Drivers of Growth: Opportunities to ...

The residential PV-ESS (Photovoltaic Energy Storage System) market is experiencing robust growth, driven by increasing electricity costs, rising concerns about climate ...

ESS Prices Plummet to Historic Lows

Since 2023, the battleground of pricing has grown fiercer, with the cost of lithium carbonate plummeting, signaling an escalation in the price wars of ESS tender projects. Amidst industry fluctuations, pricing has emerged as ...

Energy Storage Systems (ESS) Overview

3 ???· The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for ...

Review 2024 , The "Best" of Global ESS Projects and Orders

[Review of 2024 , The "Most" of Global ESS Projects and Orders] Global demand for energy storage is accelerating rapidly. On one hand, the selling prices of ESS ...

SMM: Development Opportunities and Challenges in the Global ESS ...

From 2024 to 2025, the demand in major ESS markets such as China and the US is expected to decline due to policy adjustments, while other markets will maintain a relatively high growth ...

U.S. Energy Storage Market Size, Forecast 2025-2034

The U.S. energy storage market size crossed USD 106.7 billion in 2024 and is expected to grow at a CAGR of 29.1% from 2025 to 2034, driven by increased renewable energy integration and grid modernization efforts.

Energy Storage Systems (ESS) Overview

3 ???· The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

Latest Ongoing Grid-scale/Utility Scale Energy Storage System (ESS)
