

F800gs lithium battery

Overview

Which battery should I use for my F800?

I would go with a lithium-ion battery for the F800 because the battery placement in the bike is high; the light battery has less effect on handling than the much heavier lead acid battery. But the Shorai top plate is configured differently, so the OEM hold down bracket will not mount. I would go with any other brand.

What is the best battery for a 2009 BMW F800GS?

800CC 2009 F800GS BMW Motorcycle X2Power® AGM Battery X2-14. X2Power batteries offer the best features; fully sealed - maintenance free, pure calcium-lead plate design for increased power, easy to install with front mount threaded terminals and extended reserve power for more accessories.

How much does a Ford F800 battery cost?

Advance Auto Parts has 1 different Battery for your vehicle, ready for shipping or in-store pick up. The best part is, our Ford F800 Battery products start from as little as \$179.99. When it comes to your Ford F800, you want parts and products from only trusted brands.

How long does a F650GS battery take to charge?

My F650GS has no problem keeping the lithium battery charged to 13.3V (the battery voltage constantly shows 14.2V when the engine is running) during a ride. I do hook it up to a small Deltran lithium Battery Tender maintainer now and then and it will charge the battery for about 30 minutes before the green light goes on steady.

Should I install antigravity atx-12re on my 2017 F800GS?

On my 2017 F800GS I went with the AntiGravity ATX-12RE, but I wasn't happy with the install on the first pass. There's nothing to restrain the battery from moving forward at the top, and it would require removing the clamp (and

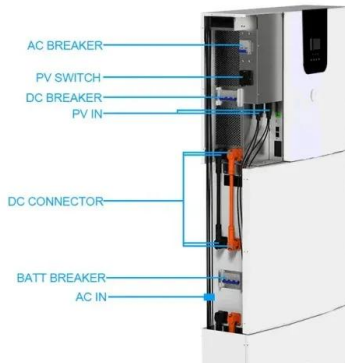

maybe the terminals) to get to the restart button.

How is the antigravity doing in the F800?

It requires 2-3 Amp from the bike, to charge depending on the normal or higher CCA model. It requires 2-3 Amp from the bike, to charge depending on the normal or higher CCA model.

F800gs lithium battery

[Lithium Battery Replacement OK?](#)

Did you read this thread about Lithium Batteries on the F800GS? if done correctly, a Lithium battery lasts at least as much as a lead acid. The important thing is to over spec the battery more than what the vendor says you should.
