

Free installation of home photovoltaic panels

Overview

What is it?

Solar Together is a community buying scheme for solar panels which operates in the UK's local council regions. The scheme aims to bring together households and local authorities to make solar power more accessible and affordable for homeowners and small businesses. Panels bought through Solar.

What is it?

The Home Upgrade Grant Phase 2 (HUG 2) scheme has been running since April 2023 and will continue to accept applications until March 2025. It supports low-income.

What is it?

In the UK, the value added tax (VAT) rate on most goods and services is 20 per cent. However, as part of the government's efforts to encourage energy efficiency and renewable.

What is it?

Introduced by the UK government on 1 January 2020, the Smart Export Guarantee (SEG) replaced the Feed-in Tariffs (FIT) scheme. It allows solar panel owners to sell.

The federal government does not offer free home solar panel installations¹². However, there are incentives that can reduce the cost of going solar, and options like solar leases, power purchase agreements (PPAs), and community solar farms that allow you to go solar with no upfront cost³.

However, the federal government does not offer any programs for free home solar panel installations nor does the government require companies to grant solar panels for free to customers.

The short answer is no, you can't get free solar panels from the government.

Key takeaways "Free solar panels" aren't free; typically, these programs refer to solar leases or PPAs. Are there free solar panel grants in the UK?

*Available solar panel grants in the UK as of April 2024 While some of the government initiatives are completely free solar panel grants, others are loans or reductions in VAT that count as solar panel government schemes. The application process and eligibility criteria for each of these are different, so let's go over each policy.

Are there free solar panels in the UK?

Let's outline the current state of solar panel funding in the UK. In short, there is largely no such thing as "free solar panels" in terms of government grants that will cover 100% of the installation costs. You can earn money from your solar panels via the Smart Export Guarantee.

What is the free solar panel scheme?

The free solar panel scheme was a government initiative that aimed to help homeowners install solar panels on their properties for free that worth £5,000-£11,000. The scheme ran from 2010 until 2019 and was offered to homeowners who met certain criteria, such as having a south-facing roof and living in an area with high solar radiation levels.

Should you apply for a solar panel grant?

By applying for a solar panel grant, you could receive heavily discounted or even free solar panels, resulting in annual energy bill savings upwards of £1,040. We recently conducted a survey of over 1,540 Independent readers who own solar panels* to understand how they made the most of the solar panel funding available to them.

Can you get free solar panels on a roof?

Companies offered to pay to lease your roof from you for 20-25 years and, in exchange, would install and maintain solar PV panels on it. You didn't have to pay upfront for the panels, and would also benefit from the free electricity produced by the system. But there are very few free solar panel schemes available now.

Are there free solar panels?

But there are very few free solar panel schemes available now. The Feed-in

tariff scheme closed to new applicants in 2019 and has been replaced by the much-less-generous Smart Export Guarantee (SEG) scheme, making it much less attractive to businesses to offer free solar schemes. Learn about the Smart Export Guarantee scheme.
