

GEM photovoltaic leader Shijing

Overview

Who is Shijing solar?

As SJEF Solar's parent company, Shijing Technology has achieved an impressive market share of over 75% in waste gas treatment in photovoltaic industry. It is widely recognized as a leading enterprise in environmental protection equipment for the new energy industry. Shijing Solar Company Profile Technology-leading & Innovation-driven.

What is the industry chain layout of Shijing solar?

The entire industry chain layout involves vertical integration. Shijing Solar has invested in building two major industrial bases with a total planned capacity of 40GW for wafer and 40GW for N-type high-efficiency solar cell. The conversion efficiency of N-type TOPCon solar cells exceeds 26%.

Who is Sjef solar?

SJEF Solar is a leading integrated photovoltaic enterprise covering R&D, production, sales, and service. SJEF Solar uses advanced automated production equipment and is led by senior R&D experts, featuring an internationally leading R&D lab, dedicated to build a large-scale digital and intelligent R&D manufacturing base.

Who is the innovator of n-type solar cell?

The Innovator of N-type Solar Cell | Anhui Shijing Solar Power Technology Co., Ltd. / Sichuan Shijing New Energy Technology Co.,Ltd. are subsidiary of Suzhou Shijing Technology Co., Ltd. (stock code: 301030), a high-tech enterprise specializing in R&D, production, sales and services.

What's new at Sjef solar?

SJEF Solar unveiled six mainstream N-type TOPCon solar cells, drawing considerable interest with lower degradation, superior temperature coefficients, excellent bifacial rate, and lower LID loss. President Xi Jinping's

New Year's message: Photovoltaic products add new bright colors to China's manufacturing!.

Who is Anhui Shijing?

Anhui Shijing Solar Power Technology Co., Ltd. / Sichuan Shijing New Energy Technology Co.,Ltd. are subsidiary of Suzhou Shijing Technology Co., Ltd. (stock code: 301030), a high-tech enterprise specializing in R&D, production, sales and services.
