Overview

Generac Holdings Inc., commonly referred to as Generac (derived from a combination of generating and), is a Fortune 1000 American manufacturer of backup power generation products for residential, light commercial and industrial markets. Generac's power systems range in output from 800 watts to 9 megawatts, and are available through independent dealers, retailers and wh.

Where is Generac Power Systems located?

Generac Power Systems is investing more than \$8 million to purchase and renovate the building located at W236N1402 Busse Road in the Village of Pewaukee. The new location will house key sales and support groups, as well as portions of the Company's marketing team.

Will Generac build a new manufacturing facility in Beaver Dam?

WAUKESHA, Wis., Sept. 13, 2023 /PRNewswire/ -- Generac Power Systems, Inc., (NYSE: GNRC) a leading global designer and manufacturer of energy technology solutions and other power products, in conjunction with the City of Beaver Dam, today announced its proposed plans to build a new manufacturing facility in Beaver Dam, Wisconsin.

Who makes Generac generators?

Generac manufactures the widest range of power products in the marketplace including portable, residential, commercial and industrial generators. © 2024 Waukesha County Business Alliance. All Rights Reserved. Designed and developed by Northwoods.

What does Generac do?

Generac is a leading energy technology company committed to powering a smarter world. Our purpose is to lead the evolution to a more resilient, efficient, and sustainable world through our backup and prime power systems. As a company, we are committed to sustainable, cleaner energy products poised to revolutionize the 21st century electrical grid.

What makes Generac a great company?

Founded in 1959, Generac introduced the first affordable backup generator and later created the category of automatic home standby generators. Generac's people contribute to the company's growth and success by living our corporate values everyday - integrity, innovation, agility, teamwork, and excellence.

Where is Generac building a new industrial generator facility?

To help fulfill the growing demand for Generac's industrial generators, Generac is planning to build an approximately 320,000 sq. ft. facility in the Highway 151 Business Park, at Kellom Road and Tower Drive. Including a mix of manufacturing and office employees, the facility will eventually employ up to 350-400 people in total at the location.
