

Green Source Photovoltaic Panel Installation Fee

Overview

Usually, installing solar panels in the UK costs around £4,000 to £8,000 per unit of power (kW). So, if you go for a standard 4kW system, it might cost you about £16,000 to £32,000. How much does a solar PV installation cost per kilowatt?

The mean average cost per kilowatt of a small solar PV installation (0-4kW) is above £2,000 for the first time since these records began in 2013/14. Prices for larger solar installations (4-10kW) increased even more dramatically - by 31% since 2021/22.

What costs should you consider before installing solar panels?

There are two other potential costs you should look into before installing solar panels, these are maintenance costs and repair costs.

How much do solar panels cost in the UK?

The most common type of system is the 4kW solar system, which costs between £5,000 - £6,000. It can save the average household about £660 per year, provided that they have a decent number of sunlight hours and are installed on a south-facing roof. In 2024, the price of solar panels in the UK can vary depending on several factors.

How much does a solar panel cost per kilowatt?

Exactly how much a solar panel costs per kilowatt depends on the type of solar panel you're talking about. Monocrystalline solar panels are the most expensive, and their cost per kW is somewhere around £1,000 - £1,500 whereas polycrystalline solar panels cost about £900 per kW.

How much does a photovoltaic system cost in the UK?

- A household in the UK installs a 5kW photovoltaic system costing £8000 (average cost), which would generate approximately 4320 kWh of electricity annually.
- The annual SEG income in the UK would be £324 per annum.

Should I Choose an energy supplier for my solar PV installation?

Choosing an energy supplier to install your solar PV can be especially beneficial if you plan to make use of an export tariff (to be paid for the excess energy you export to the grid), because some offer exclusive rates for customers who have bought their solar tech through them.
