

Heraeus photovoltaics india

Overview

Who is Heraeus photovoltaics?

Heraeus Photovoltaics is a global leading manufacturer for metallizations pastes of solar cells, provides advanced products and excellent services for PV industry. Customizing solutions for you is the core of our business. Heraeus provides advanced metallization solutions for crystalline, thin film and 3rd generation Photovoltaic technologies.

What makes Heraeus photovoltaics unique?

Heraeus Photovoltaics considers every product innovation as a dedicated effort to make the Earth a better place through the power of technology. In the future, Heraeus Photovoltaics will leverage its expertise in silver paste, coupled with proactive innovation and extensive experience to establish a strong presence within the supply chain.

Who is Heraeus Technologies India Private Limited?

Heraeus Technologies India Private Limited is a Private incorporated on 23 March 2011. It is classified as Subsidiary of Foreign Company and is registered at Registrar of Companies, Kanpur. Its authorized share capital is Rs. 1,806,600,000 and its paid up capital is Rs. 1,425,000,000.

What metallization solutions does Heraeus offer?

Heraeus provides advanced metallization solutions for crystalline, thin film and 3rd generation Photovoltaic technologies. Contact us now with your individual request.

What is a photovoltaic metallization innovation platform?

The Operating Company within the Heraeus Group has recently joined forces with its business partners to establish a photovoltaic metallization innovation platform. This platform is intended to bring together resources and advanced technologies, ushering in a new generation of cooperation in digital

innovation.
