

# Home-made photovoltaic panels

## Overview

---

Where can I buy DIY solar panels?

Several companies specialise in selling DIY solar panel kits to the public. Plug-in Solar is particularly easy to follow, and offers a wide range of kits and step-by-step DIY guides, plus accessories such as solar panel mounting kits. Renology, Select Solar and Sunstore Solar are also well worth a browse.

Can You Make your own solar panel?

You can make your own small solar panel with some inexpensive components and basic soldering skills. While solar power is a new big thing with a lot of benefits on getting your electricity this way, everyone knows the costs of trying to rent or buy panels from local solar power companies, and it's hard to decide if solar is worth it.

How do you build a solar panel?

To build your own solar panel, you'll need to assemble the pieces, connect the cells, build a panel box, wire the panels, seal the box, and then finally mount your completed solar panel. Purchase the cells. There are a few different types of solar cells to buy, and most good options are either made in the United States, China, or Japan.

Should I buy a DIY solar panel kit?

To save cash, you may be tempted to buy a DIY solar panel kit and fit your panels by yourself. DIY solar panels are widely available and many are excellent value compared with the cost of professional installation. For example, a full 3.4kW 10-panel kit from Plug-in Solar costs £4,728.

Can You DIY install solar panels?

And the answer is YES. You can DIY (do-it-yourself) install your own solar panels. All you need to do is invest your time, energy, and a little bit of elbow grease. This lowers your cost of going solar by approximately 10% or more.

For most homeowners, this is a worthwhile incentive to invest their time and efforts.

How much does a solar PV system cost?

The average cost of a typical 3.5kW solar PV system is currently around £6,000, roughly 10% of which pays for professional installation. To save cash, you may be tempted to buy a DIY solar panel kit and fit your panels by yourself.
