

How long can the milk and fruit storage cabinet be kept

Overview

How long can you keep food in the refrigerator and freezer?

Follow the guidelines below for storing food in the refrigerator and freezer. The short time limits for home-refrigerated foods will help keep them from spoiling or becoming dangerous to eat. The guidelines for freezer storage are for quality only—frozen foods stored continuously at 0°F (-18°C) or below can be kept indefinitely.

How do you store frozen food?

Read storage instructions – some foods such as jars and bottles need to be stored in the refrigerator once opened. Take care when freezing foods – food being stored within a freezer should be carefully wrapped to avoid freezer burn. If a freezer is turned off and defrosted, all foods that have not been kept frozen should be disposed of.

How long can you keep frozen milk?

Luckily, there's an easy solution — freezing your milk. Though some sites claim that you can store frozen milk for up to six months, the FDA recommends consuming milk within 3 months of freezing. But unfortunately, milk is known to absorb the scent of whatever food it's stored near, no matter how thick your container is.

How do you store dry food?

Cover and seal all food – keep all dry foods in sealed bags or containers and ensure the storage area is dry and cool. This will help keep the food fresh and avoid any spoilage.

How do you store food in a fridge?

Temperatures vary in different parts of your fridge, so you need to store different foods in specific sections. The top shelf is usually the warmest (unless you've got a freezer compartment up there), and is best for ready-to-

eat foods such as cheese, yoghurts, dips such as houmous and desserts.

How do I store food if I've bought a new food?

Remember to put the food you've just purchased at the back of the pantry or fridge so the older foods will be used first. Check any storage instructions such as 'keep refrigerated' or 'use with 3 days of opening' as the use by/best before dates only apply to unopened food that is stored correctly.
