

How to provide after-sales service for LONGi photovoltaic panels

Overview

What is the performance of LONGi Solar panels?

The conversion efficiency is up to 22.3% and output power ratings in mass production reaches 570W. The Hi-MO N was designed for applications on surfaces with high reflections, high temperature, limited land and high labour costs. LONGi solar panels come with an industry standard warranty of 10-year product and 25-year linear performance.

Why should you choose LONGi Solar panels?

The Hi-MO N was designed for applications on surfaces with high reflections, high temperature, limited land and high labour costs. LONGi solar panels come with an industry standard warranty of 10-year product and 25-year linear performance. At the end of the 25-year period, LONGi guarantees that its modules will still produce up to 83.8%.

What bifacial solar panels do Longi offer?

LONGi offers its bifacial solar panels for commercial, industrial and large-scale installations. Hi-MO 5 panels are designed for ultra-large power plants. In its Hi-MO X Series launched in 2019, LONGi also offers All-black, shingled, back-contact modules in the half-cut design and with high output power ratings.

Is Longi a good solar company?

However, LONGi managed to match the level of Sunpower, which produces the most efficient solar panels on the market today, using a new P-type Hybrid Passivated Back Contact (HPBC) cell design, which is similar to the well-known IBC cell design, the first solar company in the world to do so.

How long does a LONGi Solar panel last?

With the increased stability of Gallium-doped silicon, LONGi is able to reduce the LID effects over the first year to 2% and less than 0.5% per year for the remaining life of the panel resulting in the panel retaining close to 85% of the

original power rating after an increased 30 year period.

Do LONGi Solar panels degrade?

LONGi solar panels have slower degradation rates than other brands. LONGi guarantees that their mono panels will degrade by just 0.55% per year and 0.45% per year for the bifacial modules. In comparison to the traditional degradation rate of 0.7%, this is significantly lower.

How to provide after-sales service for LONGi photovoltaic panels

[Longi Hi-Mo 4 solar panels review](#)

Cost: Starting from as little as £107.40 per panel, Longi HiMo4 solar panels are very affordable, with good performance to match the solar panel cost. Performance: Most solar ...
