

# **Huadian Wangting Power Plant 9F Wind Adjustment Project**

## Overview

---

Where is Huadian Wangting thermal power plant located?

Huadian Wangting Thermal Power Plant is a 1,320MW coal fired power project. It is located in Jiangsu, China. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently active. It has been developed in multiple phases. Post completion of construction, the project got commissioned in June 2009.

When was Huadian Wangting power station built?

Huadian Wangting power station began as a six-unit coal-fired power plant in Jiangsu Province. As shown in Google Earth's "time machine" feature, two units (Units 1-2) were demolished between 2007 and 2009. Units 3-4, totaling 660 MW, were completed between 1989 and 1996. Units 5-6, totaling 1,320 MW, were completed in 2009-2010.

Who is China Huadian engineering?

CHD also stated that the National Development and Reform Commission (NDRC) had approved a plan of China Huadian Engineering Co, a CHD subsidiary, to build a 65 MW coal-fired power plant on Batam Island, Indonesia. As of early 2011, the following projects were in various stages of development by China Huadian Engineering in Indonesia:.

How much power does huadin have?

Of Huadin's 69 gigawatts of installed generation capacity, 380 megawatts was from wind power. In recent years CHD has embraced a strategy of "investment, construction and maintenance of power plants" outside China.

Is China Huadian a coal consuming power generator?

It is one of the Big Five independent power producers along with Huaneg Group, Datang Group, Guodian Group, and CPA Group. A July 2009 report by Greenpeace China reported that China Huadian Corporation was the fourth

largest coal consuming power generator in China with a total consumption in 2008 of 88.4 million tonnes of coal.

Where is Wangting power station?

Wangting power station (王顶电厂, 2×660MW, 江苏省, 苏州市, 相城区, 王顶村, Unit 2-1 and 2-2) is an operating power station of at least 2430-megawatts (MW) in Suzhou, Xiangcheng, Jiangsu, China with multiple units, some of which are not currently operating. The map below shows the exact location of the power station. Loading map.
