

Installation of photovoltaic aluminum alloy bracket in factory

Overview

What is solar photovoltaic bracket?

Solar photovoltaic bracket is a special bracket designed for placing, installing and fixing solar panels in solar photovoltaic power generation systems. The general materials are aluminum alloy, carbon steel and stainless steel. The related products of the solar support system are made of carbon steel and stainless steel.

Does aluminum alloy need aging heat treatment for solar photovoltaic brackets?

The commonly used aluminum alloy series for solar photovoltaic brackets need to undergo aging heat treatment to achieve the required strength. China Aluminum strictly controls the solution treatment and aging heat treatment process to ensure the required strength of the aluminum alloy brackets.

What types of solar photovoltaic brackets are used in China?

At present, the solar photovoltaic brackets commonly used in China are divided into three types: concrete brackets, steel brackets and aluminum alloy brackets. Concrete supports are mainly used in large-scale photovoltaic power stations. Because of their self-weight, they can only be placed in the field and in areas with good foundations.

What is a solar balcony bracket?

SOEASY (XIAMEN) PHOTOVOLTAIC TECHNOLOGY CO.,LTD. With the rise of solar balcony, SOEASY has developed mounting brackets for different types of solar modules. This is a balcony bracket specially designed for installing flexible module.

How to install a photovoltaic system on a balcony fence?

By connecting the photovoltaic modules with zinc-aluminum-magnesium hooks and hanging and fixing the modules on the balcony fence, the system is

easy to build. It can meet the installation and construction of household photovoltaic systems in general apartments.

What types of solar panels does Chalco stock?

Chalco stock various aluminum extruded solar panel frames and photovoltaic support aluminum alloys, with a variety of finishes to choose from. If the existing products are not suitable for your needs, we can also customize them according to customer requirements.
