

Is it a scam to make money from solar power generation

Overview

Unfortunately, some scammers use misleading sales tactics to trick homeowners out of money or personal information. What are energy scams?

Energy scams involve people pretending to be energy companies or regulators to get your money or personal information. These scammers may pretend to be your energy company, say they're from Ofgem or even from Energy Saving Trust to try and gain your trust.

Is installing solar panels for free a scam?

The federal government does not install residential solar panels for free; if someone is claiming otherwise, it's probably a scam. If it seems too good to be true, it probably is. If someone is promising that you'll save huge amounts of money by installing solar panels, they might be exaggerating to make a sale.

Is going solar a scam?

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll cost to get and install solar panels. Here's how to steer clear of the scams: Do some research.

Are solar panels a good investment?

Buying solar panels is a long-term investment that should help cut your electricity bills and carbon footprint. But will they pay for themselves and earn you money?

Solar panels are often marketed as a way to save money on electricity – and sometimes as a way to make money too.

Are energy scammers putting victims in danger?

As the cost-of-living crisis worsens, Which?

has seen a significant increase in scammers impersonating energy firms to trick victims into handing over money or payment details. In some instances, victims could be put in serious physical danger by tactics that claim to save them money.

Can a scammer sell your energy?

This is where a scammer claims to be from the energy regulator Ofgem. They may ask you to change your bank details or provide personal information to get funding or cheap energy. Ofgem will never ask you for personal information. They will also never sell you energy or show up at your house.
