

JA Solar Panel Product Manual

Overview

What is included in the JA Solar installation manual?

Thank you for choosing JA SOLAR modules! This Installation Manual contains essential information for electrical and mechanical installation that you must know before handling, installing JA Solar Modules. This Manual also contains safety information you need to be familiar with.

How to install JA Solar modules?

JA solar recommends installing the modules with a tilt angle of at least 10 degrees, making it easier for dust to be washed off by rain. Ensure the installation method and supporting system of modules is strong enough to make the modules can withstand all the load conditions.

Can JA Solar make changes to the product specifications or installation manual?

JA Solar reserves the right to make changes to the product, specifications or installation manual without prior notice. Failure to comply with the requirements listed in this manual will invalidate the Limited Warranty for Modules as provided by JA Solar at the same time of sale to the direct customer.

How to unpack JA Solar modules?

Store pallets in a ventilated, rain-proof and dry location until the modules are ready to be unpacked. Please unpack the package of JA Solar modules according to "JA Solar Modules Unpacking Instruction". Do not lift the modules by grasping the module's junction box or electrical leads in any condition.

Who is JA Solar?

JA SOLAR HOLDINGS CO., LTD. Shanghai JA Solar Technology Co., Ltd. (hereafter referred to as "JA Solar"). Installers should follow all safety precautions described in this guide as well as local codes when installing a

Module. Installing solar photovoltaic systems requires specialized skills and knowledge.

Can JA Solar panels be mounted on a frame?

An addendum to UL Standard 1703 “Flat Plate Photovoltaic Modules and Panels” recommends metal combinations not exceed an electrochemical potential difference of 0.6 Volts. JA Solar Modules can be mounted in landscape or portrait orientation. Modules can be installed on the frame using mounting holes, clamps or an insertion system.
