Overview

Why did jiedian & soudian merge?

Chinese power bank rental firms Jiedian and Soudian on Thursday announced merger plans in an attempt to better navigate China's competitive charger sharing market led by Energy Monster which made its trading debut in the U.S. on the same day.

Will jiedian & soudian overtake energy monster?

(Yicai Global) April 2 -- Jiedian and Soudian, which hire out charging stations for mobile devices in shopping malls and other public locations, are to combine their resources to overtake current industry leader, Energy Monster, which listed on the Nasdaq yesterday, The Paper reported today.

How will jiedian and soudian's new company work?

Jiedian and Soudian will jointly establish a new company, under which their respective brands will operate independently and a new board consisting of the two firms' executives and outside investors will be created, according to a joint statement.

How much solar power does China have in 2023?

China added almost twice as much utility-scale solar and wind power capacity in 2023 than in any other year. By the first quarter of 2024, China's total utility-scale solar and wind capacity reached 758 GW, though data from China Electricity Council put the total capacity, including distributed solar, at 1,120 GW .

How will jiedian & zhumang change in Shenzhen?

The two platforms, run by Shenzhen Jiedian Technology and Shenzhen Zhumang Technology, will continue to operate as normal under the new entity. Registered users and business partners will not be affected. And a new board of directors will be appointed and a joint chief executive officer scheme

introduced to lead the two brands, it added.

Where is solar power installed in Mongolia?

Source: Distributed solar capacity data from National Energy Administration (NEA), 2023 and utility-scale solar capacity data from Global Energy Monitor, Global Solar Power Tracker. The top six provinces for wind installation, Inner Mongolia, Xinjiang, Hebei, Shanxi, Shandong, and Gansu account for 43% of the total in the country, according to GEM.
