

KaiXun generator blade accessories

Overview

While you can find unauthorised, cheaper parts everywhere, we choose to supply genuine parts only sourced from their original manufacturers. Choosing non-genuine parts for your machines puts them at the risk of suffering.

Discuss your generator maintenance and service specifications with us via email or call. Please contact our sales team on +44(0)800 980 3446 or email kim@generator-pro.co.uk.

If you are looking for a suitable capacitor, in that case, it will help if you had the original Generator capacitor (or a picture of the capacitor with).

We often get asked for spare parts for Chinese manufactured generators as there is no support provided for their products from the manufacturers. Fortunately, if you can.
