

Kemida photovoltaic panel installation special glue

Overview

How does Sikaflex solar panel adhesive work?

Sikaflex solar panel adhesive will withstand the most extreme weather conditions. Each tube contains enough adhesive to secure any of our semi-flexible solar panels and most of our marine solar panels. One tube is also enough to glue one set of corner mounts, one pair of short-side mounts and one roof connection gland to your motorhome roof.

What is the best adhesive for solar panels?

Sikaflex 554 Adhesive for Mounting Solar Panels. White. Sikaflex 554 is a super-strong solar panel adhesive. It is the most suitable adhesive for securing solar panels of all kinds to your motorhome, boat or caravan. Sikaflex 554 is the new replacement for Sikaflex 252i. Solar panel adhesive. Sikaflex 554. White.

What is the best adhesive for installing solar panels on a caravan?

For installing solar panels on a caravan, Sikaflex 252 is the adhesive we would recommend. This adhesive is specifically suitable for this job and will provide the best result, even when the caravan experiences bumping and banging.

Can you use adhesive on solar panels?

I strongly urge you to avoid using any adhesive for solar panels. Keep in mind that flexible solar panels don't last long. You will probably need to replace them every couple of years. That will be a challenge with them glued in place. For rigid panels, the best adhesive would be M6 bolts.

How much adhesive do I need for a flexible panel?

Ensure you have a 2mm bed of adhesive once the panel is in place. More adhesive is better than too little. I also used 522 to stick down a flexible panel on a previous van and no issues with that either.

Can I put a puraflex40 Panel on my roof?

Puraflex40 on my old panels with those same plastic feet - surfaces must be clean but roughed up which will vary depending on what your outer roof surface is currently. Don't mash the panel down onto the roof, 2mm thickness of adhesive I recall was recommended. You achieve that by placing some small plastic strips into the adhesive on the feet?
