

Kohler power systems saukville

Overview

Who owns Kohler energy?

Beverly Hills, California-based Platinum Equity is the majority owner of Kohler Energy and Kohler Co. remains an investment partner. Rehlko will continue to provide a range of energy solutions, including power generation, energy storage, and renewable energy technologies among others. "This rebranding is more than just a clever name change.

Will Kohler energy spin off its energy business?

Last November, Kohler Co. first announced plans to spin off its energy business as a separate company. Kohler Energy includes what had been Kohler Co.'s Power Systems, Engines, Home Energy, Uninterruptible Power, Clarke Energy, Curtis Instruments and Heila Technologies business.

Who is Kohler Power Systems?

Kohler Power Systems is specialized in the production of marine and industrial generators. A product line ranging from 3,5 to 200 kW, innovative technical characteristics and a worldwide service network are the distinctive features of a brand which is acknowledged by each shipyard as a reliable and trustworthy partner.
