

Light source solar bracket

Overview

Why should you choose UK solar power agricultural brackets?

UK Solar power agricultural brackets are manufactured to perform to the highest British standards. Lightweight, easy transportation and installation, safe construction. High standard for surface treatments, good durability and stability. The maximum pre-assembly, save installation costs.

What types of brackets are available for a flood / street light?

Column spigot adaptors & reducers, Amenity post top brackets, Flood light brackets, Highway brackets & Outreach Arms, plus bespoke designs available. We manufacture a wide range of galvanised lighting brackets to ensure your Flood / Street or Amenity light is securely attached to the street lighting column / wall.

What are the different types of lighting brackets?

Lighting Brackets - Column spigot adaptors & reducers, Amenity post top brackets, Flood lighting brackets, Highway brackets & Outreach Arms.

What is the warranty on UK solar power brackets?

UK Solar solar power ground mounted brackets are manufactured to perform to the highest British standards. 10 years British advance replacement warranty. UK Solar power roof mounted brackets are manufactured to perform to the highest British standards. 10 years British advance replacement warranty.

Are lighting brackets galvanised?

All lighting brackets are hot dip galvanised and come complete with all the necessary bolts and grub screws for mounting. We also offer a full painting service where your lighting bracket can be painted to a RAL colour and gloss level to match your street lighting column.

Do you offer a bespoke lighting bracket design service?

As well as stocking a full range of lighting brackets, we also offer a bespoke bracket design service by our in-house engineers. In order to correctly specify / purchase the correct lighting bracket you will need to know the column diameter / column spigot size and maximum head load of the column.

Light source solar bracket
