

Longi Solar Photovoltaic Power Generation Warranty

Overview

Includes a 12-year limited product warranty and a 30-year limited performance warranty. Does LONGi Solar offer a warranty?

LONGi Solar offers a 12-year limited product warranty for workmanship and defects and a 25-year performance warranty. The product warranty does not cover normal wear and tear or changes caused by normal use of the system: the modules must be installed and used as they are designed to be.

How long does Longi cover solar panels?

As for the performance warranty, also known as the power output warranty, LONGi covers the panels for 25 years. At the end of 25 years, LONGi guarantees that the annual output of the solar panels will be at least 84.8% of their original solar energy output at the time of installation.

Are LONGi Solar panels worth it?

Two downsides of LONGi solar panels include their high temperature coefficient and the less-than-impressive product warranty, but it's ultimately up to you to decide whether or not these (somewhat minor) factors are a dealbreaker.

Are LONGi Solar certified?

We Are Certified! Founded in 2000, Longi Solar are a world leading mono-crystalline solar module manufacturer. Producing highly efficient Solar Panels.

What is the warranty start date of solar modules?

The warranty start date of the Solar Modules stipulated under this Limited Warranty for Solar Modules (hereinafter referred to as "Limited Warranty") is the date of delivery to the Initial Customer or 6 months after the modules are shipped out of the production plant, whichever is earlier (hereinafter referred to "Warranty Start Date").

Does Longi offer a warranty?

Longi does not have an office in Australia, so the importer of the panels is responsible for their warranties. Longi was founded in the year 2000 and by 2007 they had 100 tonnes of monosilicon production capacity.
