

Mnre approved solar inverter manufacturers in india

Overview

How many solar companies are MNRE approved?

In the first list of ALMM, there were only 23 solar companies that got approval. From an initial 23 manufacturers adding up to 8200 MW of total capacity, the list today has expanded to 78 manufacturers with a capacity of over 22,000 MW. With this latest revision, the number of MNRE-approved solar companies has been reduced from 82 to 78.

Which is the best solar inverter manufacturer in India?

Enertech is an MNRE approved solar inverter manufacturer in India. Their after sale service is quite impressive from others. keep it up enertech! Enertech is one of the best manufacturing companies that provide the battery supplier. I personally had a product of them and it's really good.

Is India self-reliant on solar-related product imports?

The Ministry of New and Renewable Energy (MNRE) in its effort to reduce India's dependence on solar-related product imports and make India self-reliant announced compulsory registration of solar module manufacturers under the Approved list of models and manufacturers (ALMM).

Which solar modules have been enlisted in MNRE's almm list-I?

Apart from this, additional solar modules from Gautam Solar, Waaree Energy, Agrawal Renewable Energy, HR Solar Solution, Sahaj Solar, Credence Solar, Insolation Green Energy, and Mundra Solar Energy have been granted provisional enlistment in MNRE's ALMM List-I.

How to reduce India's dependency on solar product imports?

To reduce India's dependency on solar product imports and make it self-reliant, the Ministry of New and Renewable Energy (MNRE) announced that solar module manufacturers must register under the Approved list of modules and manufacturers (ALMM).

How many domestic module manufacturers are included in MNRE list?

As of the latest order (24 Jan 2024), 78 domestic module manufacturers with a cumulative capacity of over 22000 MW have been included. The government plans to release List II but there is no timeline for the same. For the latest updates & updated list visit or

List of Top Solar Inverter Manufacturers in India

Servotech is one of the most competent & efficient solar inverter company in India continuously contributes to clean energy generation with some of its finest products like solar inverters. Their solar inverters are available in three different categories including Off-grid Solar Inverters (MPPT & PWM), On-grid Solar Inverters, and Hybrid Solar Inverters to meet ...

UL Launches BIS Recognised Testing Services for Solar PV Inverter

UL has expanded its facility in Bengaluru to help manufacturers comply with requirements of the standards mandated by the Ministry of New and Renewable Energy (MNRE). Bengaluru, India, July 22, 2020: UL, a leading global safety science company, has announced the launch of testing services for solar photovoltaic (PV) inverter manufacturers in India.

Top 3 Phase Solar Inverter & Hybrid Inverter in India

We are MNRE approved hybrid inverter manufacturer and are a leading brand in solar inverter supplier in India. Our commitment to excellence is underscored by the rigorous testing and certification processes conducted by various accredited laboratories and compliance with international standards such as the International Electrotechnical Commission (IEC).

Top 10 Solar Inverter Manufacturers in India 2022

Top 10 Solar Inverter Manufacturers in India 2022 The top 10 solar inverter manufacturers in India are listed below. If you are looking to install a solar inverter for your utility-scale, commercial, or residential project, but getting confused among the top 10 solar inverter

Efficient Higher Revenue

- Max. Efficiency 97.5%
- Max. PV Input Voltage 100V
- 100% Peak Output Power
- 2 MPP Trackers, 150% DC Input Overriding
- Max. PV Input Current 10A, Compatible with High Power Modules

Intelligent Simple O&M

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPDs prevent lightning damage
- Battery Reverse Connection Protection

Flexible Abundant Configuration

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. Switch Inverter Breaks
- AFCI Function (Optional): when an arc fault is detected the inverter immediately stops operation
