

Mobile ESS unit supplier quotation in Belgium 2030

Overview

How can a company become a supplier to ESS?

This page serves as an overview of the entry points to ESS, providing guidance on how companies can become suppliers to ESS. Companies interested in ESS business opportunities can register a business profile in the ESS Supplier Portal to enable matching of potential suppliers with ongoing procurements.

Do I pay an environmental contribution for ESS modules?

You pay an environmental contribution for ESS modules for an installation \leq 16 MWh. As a Bebat participant, you pay this when the battery is made available on the market, not when you take it back in the future. This is the 'Pay as you Sell' principle.

How many MW of Bess was contracted in 2025-2026?

Elia announced that the goal had been achieved for the 2025-2026 delivery year: "security of supply is guaranteed, and sufficient volume has been contracted". A total of 100 MW of BESS was contracted in this procurement exercise.

Where can I find current business opportunities at ESS?

Current and forthcoming business opportunities at ESS are posted in the Procurement Listings. Completed tenders are published quarterly in the Contract Award Notices. All procurement follows the European Spallation Source ERIC Procurement Rules, which align with the EU treaty principles of transparency, non-discrimination and competition.

How many Bess contracts have been secured this year?

On the last day of October, system operator Elia published the results of the CRM auctions held this year, showing that a total of 450 MW of BESS had secured contracts. For the first time, two auctions were held simultaneously,

namely the last auction (Y-1) for the 2025-2026 delivery year and the first auction (Y-4) for the 2028-2029 delivery year.
