

# NMC battery storage project financing options in Saudi Arabia 2030

## Overview

---

Will Saudi Arabia be able to deploy battery energy storage systems by 2030?

According to Saudi Energy Minister Prince Abdulaziz bin Salman, the nation has set a goal of deploying 48GWh of battery energy storage systems by 2030. This ambitious target not only supports Saudi Arabia's energy transition but also injects fresh momentum into the global renewable energy and energy storage markets.

What does Saudi Vision 2030 mean for energy production?

The goals outlined in the Saudi Vision 2030 initiative are aligned with this ambitious energy production strategy. The Kingdom plans to operate 8 GWh of energy storage projects by 2025, expanding this to 22 GWh by 2026, which would place it as the third-largest global market for energy storage, following China and the United States.

How many energy storage projects will a bidder sign with SPPC?

The selected bidders will sign 15-year energy storage service agreements with SPPC for four 500MW/2000MWh BESS projects. The bidders will retain 100% ownership of their special purpose vehicle (SPV) projects. The four upcoming energy storage projects, all identical in scale, are strategically located within Saudi Arabia.

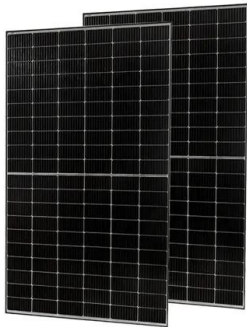

How will Bess projects impact Saudi Arabia?

The successful implementation of BESS projects will significantly contribute to Saudi Arabia's goal of increasing the share of renewable energy in its power mix, targeting 50% by 2030.

## NMC battery storage project financing options in Saudi Arabia 2030

---

### World's largest off-grid battery project reaches ...

A consortium of developers led by ACWA Power has secured financing for the Red Sea project, on the west coast of Saudi Arabia, which is set to feature a 320MW solar array and a 1.3GWh off-grid

### Saudi Arabia Emerges as Global Energy Storage ...

2 ??? Saudi Arabia has solidified its position among the world's top ten battery energy storage markets, marked by the commissioning of the 500 MW/2,000 MWh Bisha Battery Energy Storage System in the southwestern ...

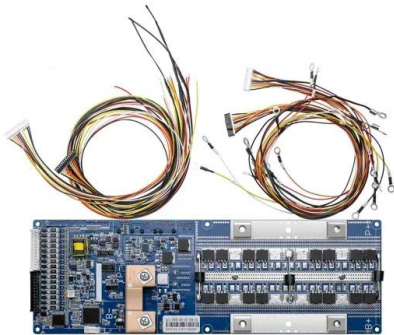

### Huawei Wins World's Largest Energy Storage Project ...

Huawei currently has eight gigawatt-hours (GWh) of energy storage system applications in operation. The Red Sea New City, also known as Neom, is one of the key components in Saudi Arabia's Vision 2030 blueprint.

### Saudi Arabia invites Bids for 2,500MW Battery Energy Storage ...

Saudi Electricity Company (SEC) issued tender for Battery Energy Storage Systems (BESS) having Combined Capacity of 2,500 MW across Saudi Arabia. Battery Energy ...

### **BYD & SEC: World's Largest Grid-Scale Energy Storage Project**

BYD Energy Storage and Saudi Electricity Company (SEC) have signed a contract to deliver the world's largest grid-scale energy storage project totalling 12.5GWh. This ...

### **BYD to build the 'world's largest' battery storage projects**

Chinese energy giant BYD has just inked a deal to build the largest battery storage projects on the planet for Saudi Arabia. The company will put together facilities at five sites totaling a

### **Revolutionizing Energy Storage! Discover Saudi ...**

This ambitious project is pivotal to Saudi Arabia's broader strategy to bolster its renewable energy framework as part of its Vision 2030 initiative, which intends to source 50% of its energy from renewables. The ...

### Saudi Arabia Targets 50% Renewable Energy by ...

Saudi Arabia has set ambitious renewable energy targets under its Vision 2030 and Green Finance Framework, aiming for renewables to comprise 50% of total electricity output approximately 130GW by 2030. Around ...

### BYD Earns Contract for "World's Largest Grid-Scale Battery Storage

Grid-scale energy storage is all the rage. Battery costs have come down tremendously in the past decade, and that has enabled large-scale battery storage projects to ...

### All to Know About the World's Largest BESS Projects ...

Updated August 29, 2025: Saudi Arabia is making advances in its BESS projects as it launches one of Middle East's largest BESS deployments, a 4GWh BESS project. The nation's battery storage drive comes as HiTHIUM is ...

### Saudi Arabia invites Bids for 2,500MW Battery Energy ...

Saudi Electricity Company (SEC) issued tender for Battery Energy Storage Systems (BESS) having Combined Capacity of 2,500 MW across Saudi Arabia. Battery Energy Storage System (BESS) plant will provide Load ...

### BYD signs 12.5 GWh Saudi BESS deal - Batteries International

BYD said the deal comes 17 years after it delivered a pilot system to the Saudi market to evaluate the potential value of LFP-based battery storage systems coupled with the ...

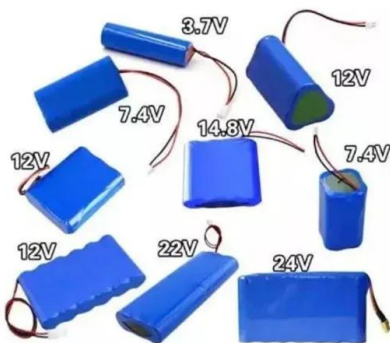

### Saudi Arabia Emerges as a Leading Market for Energy Storage ...

4 ??? Under the National Renewable Energy Program, which is overseen by the Ministry of Energy, Saudi Arabia aims to develop a total storage capacity of 48 gigawatt-hours by 2030.

...

### Saudi Arabia announces prequalified bidders for 2 GW / 8 GWh battery

The projects mark the first phase of Saudi Arabia's ambitious battery storage program, designed to support its goal of 50% renewable energy by 2030. Each 500 MW facility ...

### Saudi Arabia and UAE Drive Battery Market Expansion as LFP ...

Saudi Arabia Targets 48 GWh of Storage by 2030  
Saudi Arabia is emerging as a global leader in battery energy storage, with ambitions to scale its announced capacity from 22 ...

### Saudi Arabia Ranks in Top 10 Global Battery Energy ...

Saudi Arabia joins the top 10 global battery energy storage markets with the 2,000 MWh Bisha Project. The Kingdom targets 48 GWh storage by 2030, aiming for 50% renewable energy

- ✓ HIGH-EFFICIENCY

### Making project finance work for battery energy storage projects

Why securing project finance for energy storage projects is challenging It has traditionally been difficult to secure project finance for energy storage for two key reasons. Firstly, the nascent ...

### Saudi Arabia Achieves Leading Position in Global ...

Riyadh, The Gulf Observer: Saudi Arabia has secured a prominent position among the top ten global markets for battery energy storage, marking a significant milestone with the launch of the Bisha Project.

### [Saudi Power Procurement Company \(SPPC\) ...](#)

The Saudi Power Procurement Company (SPPC), under the Saudi Ministry of Energy's oversight, has begun the qualification process for four major Battery Energy Storage System (BESS) projects with a combined ...

## Saudi Arabia announces Qualified Bidders for Group 1 ...

Saudi Power Procurement Company (SPPC) announces the list of Qualified Bidders for Group 1 Battery Energy Storage Systems (BESS) having Combined Capacity of 2,000 MW/8000 MWh across Saudi Arabia on ...

## BYD Energy Storage secures Battery Projects in Saudi Arabia

BYD Energy Storage has signed contracts with Saudi Electricity Company (SEC) for grid-scale battery energy storage projects totalling 12.5GWh, marking the world's ...

## Firms Signs JV to establish Battery Energy Storage System ...

This exciting collaboration aims to leverage Hithium's expertise in energy storage and Hithium MANAT's local insight to better serve the Saudi Arabia market. The joint ...

## Saudi Arabia commissions its largest battery energy storage system

Energy storage plays a crucial role in this transition, providing grid flexibility and enabling the integration of intermittent power sources like solar and wind. This project is one of ...

### Middle East: Energy Transition Unlocks Huge Market ...

According to CES's "Energy Transformation Outlook for the Middle East and North Africa", it is expected that by 2030, the MENA region will deploy 40-50GWh of energy storage projects, and Saudi Arabia plans to add ...

### Saudi Arabia Battery Energy Storage Systems Market Size and ...

Government initiatives, subsidies, and incentive programs for energy storage installations are accelerating project pipelines across urban and remote areas in Saudi Arabia. ...

### Saudi Arabia Emerges as a Leading Market for Energy Storage ...

4 ???· The goals outlined in the Saudi Vision 2030 initiative are aligned with this ambitious energy production strategy. The Kingdom plans to operate 8 GWh of energy storage projects ...

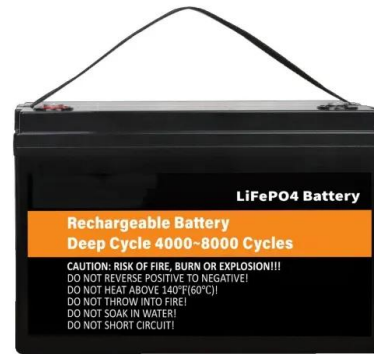

### Saudi Arabia and UAE Drive Battery Market ...

Saudi Arabia Targets 48 GWh of Storage by 2030  
Saudi Arabia is emerging as a global leader in battery energy storage, with ambitions to scale its announced capacity from 22 GWh to 48 GWh by 2030, according to The ...

## Middle East: Energy Transition Unlocks Huge Market Potential for ...

According to CES's "Energy Transformation Outlook for the Middle East and North Africa", it is expected that by 2030, the MENA region will deploy 40-50GWh of energy ...

## Financing Battery Storage Systems: Options and ...
