

Necessity of photovoltaic panel insurance

Overview

Solar panel insurance is crucial for safeguarding your investment in renewable energy. It covers theft, damage, and other issues that may arise. Does homeowners insurance cover solar panels?

Usually, homeowner's solar insurance packages cover all types of solar panels: monocrystalline, polycrystalline PV, or thin film solar panels. The insurance protects your solar rooftop against common risks, such as fire, hail, lightning, storm damage, or theft. The claim limit for solar panel coverage varies depending on the policy.

What is solar panel insurance?

Solar panel insurance is cover that protects you from the financial blow of your system getting stolen, damaged, or destroyed in numerous specific ways. If you successfully claim on solar panel insurance, you'll get a payout to help you to repair or replace your system.

Do you need commercial solar panel insurance?

Comprehensive commercial solar panel insurance protects the investment if a business owns the panels. When solar panels are leased, the responsibility for insurance typically falls on the panel owner. The next key point revolves around the heightened liability risks associated with commercial solar panel systems.

Will my insurance cover a photovoltaic system?

Contact your insurer and ask whether your policy includes a photovoltaic system, preferably before you have the panels installed. Even if you're absolutely sure you'll be covered, you still need to notify your insurer.

Should I tell my home insurance provider if I have solar panels?

At Sunsave, we strongly recommend that you tell your home insurance provider once you have solar panels, just like you would after any other

significant modification to your property. It may increase how much you pay for insurance, as solar panels can raise the value of your home.

How much does solar panel home insurance cost?

The annual cost of solar panel home insurance ranges from £118 to £152, which seems reasonable compared to the potential risks. Once you decide to install solar panels, inform your home insurer. Solar panels contribute to rebuilding your home's value, so it's important to list them in the insurance coverage.
