## Overview

---

Who is one solar?

At OneSolar we believe in what we do and enjoy doing it. One Solar founding team has over 100 years of experience in photovoltaic solar energy, electricity market and energy storage. We provide our clients with the knowledge obtained from leading international success stories.

Who is onesolar?

OneSolar is your partner for open-space solar systems with many years of experience in development, financing, construction & operation.

Is one solar a good company?

oneSolar has been on a journey with us since 2018. We started off with a grid-tied solution, and now we are using this and a generator together to enable us to be more independent and save money. oneSolar provides a very professional service, which I am happy with. If you don't sell coffee, you don't sell pastries and you don't sell breakfasts!.

What makes 1solar a good company?

1Solar stands on its core values in everything that we do. Our installs have to be up to code and spec so that our customers have systems that will last them 25+ years. We are committed to you and your new life with solar. If you need any help during or after install, please reach out to us. Construction is built on teamwork.

What does one solar do?

Energy services focused on the optimization of the electricity supply, alternative solutions for energy contracting and self-consumption. One Solar was created as a hub of experts with extensive experience in the renewable energy sector, energy storage and the electricity market.

Why should you choose onesolar?

Optimal solar solutions from a committed partner. Take control of your energy supply with a solar solution that caters to your unique energy needs today and tomorrow. At oneSolar, we're committed to delivering a system that meets your specific requirements. Whether you're installing a solar system in your home or commercial property, we'll:
