

# **Photovoltaic panel frame assembly machine manufacturer**

## Overview

---

How to deliver a solar panel making machine or a production line?

To deliver a solar panel making machine or a solar panel production line that performs, we take special care to quality control in each stage: We are at your side in each stage of building your solar panel factory and production lines. Express your needs on solar panel producing, we will create your custom automation equipment.

Do you offer a complete set of PV machines?

We offer a complete set of PV machines covering all solar manufacturing processes. We offer complete solar panel production lines for global customers to manufacture photovoltaic modules based on their specific requirements.

Who is responsible for connecting new solar panels to the existing line?

Experienced engineers will take the responsibility of connecting the new machines to the existing line. ConfirmWare has been the synonym for high performance solar panel manufacturing equipment in both China and all the other parts of the world.

How long has NPC been in the PV industry?

About 30 years of experiences and trust NPC entered into the PV industry in 1994, having provided PV module manufacturing equipment for about 30 years for PV manufacturers throughout the world. NPC Incorporated is a machine manufacturer for PV and other industries.

## Photovoltaic panel frame assembly machine manufacturer
