

Photovoltaic panels installed near the roof

Overview

Yes, solar panels can be mounted on almost any type of roof. In fact, roof-mounted solar panels are the most popular installation location in the UK. Can solar panels be installed on a roof?

"The solar panels will need to be mounted on the roof by installers who understand roofing and will need some scaffold decks to safely get the panels to the roof.

Are in-roof solar panels a complete roofing solution?

Although sometimes mistakenly referred to as solar roof tiles, integrated solar panels are not designed to look like tiles or slates, so they aren't generally a complete roofing solution. So, when installing in-roof solar panels, you'll still need to account for other materials in your planning and calculations of in-roof solar panels costs.

Can solar panels be mounted on a flat roof?

For solar panels on a flat roof, mounting systems are slightly different and can include a triangle 'ballast' box to support the panels. For solar thermal panels (with cells that use the sun's heat to warm water in a house) things are a little different.

Where should solar panels be installed?

The best position for a solar panel installation is on a south-facing section of your roof at a 30°-40° angle. Make sure to have a professional assess your roof to ensure that your integrated solar panels can be installed adequately for optimal performance.

Are in-roof solar panels a good idea?

While to some people regular solar panels can be unappealing, an in-roof solar system is a great solution if you want to prioritise your home's design.

Lightweight: Unlike a traditional solar panel, which weighs around 18 - 24kg,

putting some strain on your roof, integrated solar panels weigh about 10 – 20kg per panel.

How much do in-roof solar panels cost in the UK?

If you're considering installing in-roof solar panels, you'll want to know how much solar panels in the UK cost. For an average 2 – 3 bedroom household, integrated solar panels cost somewhere between £5,000 – £6,000. As you can see, installing solar panels isn't cheap. Thankfully, there are several solar panel grants available in the UK.
