

Photovoltaic solar panels free scam

Overview

Are free solar panels a scam?

Know that “free” or “no cost” solar panel offers are scams. The federal government does not install solar systems in homes for free. If you’re considering whether solar energy is right for you, check out the Department of Energy’s guide for homeowners and learn more. Or check out the Department of Treasury’s guidance on clean energy.

Is going solar a scam?

It’s likely a scam. While there are some government-funded solar programs for households that qualify, “going solar” isn’t free. Honest businesses will tell you exactly how much it’ll cost to get and install solar panels. Here’s how to steer clear of the scams: Do some research.

Are 'free solar panel health checks' a scam?

We’re regularly contacted by customers, who have received an unsolicited call or letter from another company, offering them a ‘free solar panel health check’ or warning about their solar PV system being at risk of failing. This is a common scam.

Are solar panels a scam or a cold call?

Here are the cold calls and potential scams to avoid. More than a third of solar PV panel owners in our recent survey told us they have been cold called about their panels in the past five years. Most cold callers were trying to sell them something unnecessary, but a few owners were told something completely untrue.

Are 'fake' solar companies a scam?

Beware of any company asking you to make a big deposit before they have completed their installation. This is one of the most common ways ‘fake’ solar companies have targeted consumers - whereby they take a hefty deposit and

then never turn up to carry out the installation. This is common solar scam.

Are solar panels free?

As far as actual free solar panels go, there are some small programs in places, like the Solar for All program in Washington D.C., geared toward low-income households that offer modestly-sized solar panel systems for free. Very few homeowners will be able to qualify for these low-income solar programs. How much will solar panels cost you?
