

Pvo international b v

Overview

Who is PVO International BV?

DCC plc, the leading international sales, marketing, and support services group, announces that it has agreed to acquire PVO International BV ("PVO"), a leading distributor of solar panels, invertors, batteries and accessories used in the commercial, industrial and domestic energy sectors across continental Europe.

Why should you choose PVO International?

Not just the very best solar panels, inverters, EV-chargers, and battery solutions, but above all our fanatical support. Together, we make the difference. WE LOVE TO MAKE YOU SHINE. Developing solar projects?

We take care of your procurement. When it comes to solar energy systems, PVO International leads the way.

Where is PVO based?

PVO partners with many of the leading manufacturers in the sector. The business is headquartered in Rosmalen, the Netherlands, and employs approximately 50 people. PVO's existing, experienced, management team will continue to lead the business. They have led PVO's growth since its foundation.

What is PVO direct?

The PVO Direct webshop offers solar panels, inverters, batteries, substructure, cables and charging stations for the residential and SME market. Like PVO International, PVO Direct offers a wide range of Tier 1 brands, which is constantly being expanded. Sign up for our newsletter here Stay up to date with the latest solar news.

Who is PVO solar?

PVO was established in 2014 and has grown rapidly to become one of the leading solar solutions suppliers in Europe, with a market-leading position in the Benelux, and growing positions in eight other European countries including Germany, Poland and Finland.

What is PVO Strany?

35. 7"PVO Strany" (air defense of the country). PVO was officially made an independent service in 1954 after Stalin's death. Starting with the largely tactical air defense units and weapons created during the war, the Soviets had to create a nationwide strategic air defense.
