

Ring floodlight with solar panel

Overview

What is a solar powered floodlight?

Solar-powered Floodlight that shines up to 1200 lumens of white light on driveways, backyards and high-traffic areas when motion is detected. Requires Ring Bridge to enable smart controls in the Ring app.

What is the ring floodlight wired?

The Ring Floodlight Wired is an ultra-bright motion-sensing smart floodlight that hardwires into house power. It illuminates large areas with powerful adjustable lights. What other Ring Smart Lighting products are available?

If you want general information about Ring Smart Lighting, tap [here](#).

How many lumens does a ring floodlight have?

Perfect for driveways and backyards – a solar-powered floodlight that shines 1200 lumens of light when motion is detected. Ring Bridge included – this Starter Kit includes a Ring Bridge so that you may enable smart features for your Ring Smart Lights.

How many lumens does a solar floodlight have?

Ideal for driveways and backyards, Solar Floodlight shines up to 1200 lumens of white light on large spaces and high-traffic areas when motion is detected. When paired with the Ring Bridge (included in Starter Kits or sold separately), you can control from the Ring app, receive mobile notifications, and link to your other Ring devices.

Do I need a ring floodlight wired?

As usual, Ring provides all the tools and accessories you'll need to accomplish the task (just be sure to cut the power at your breaker box). If the Floodlight Wired is the first Ring Smart Lighting product you're buying, you should buy the starter kit that includes the Ring Bridge (it's required, but you need only

one for up to 50 lights).

Does ring floodlight Wired have a camera system?

No. Ring Floodlight Wired provides smart controls functionality with or without a Ring Protect subscription. Learn more about Ring Protect. Is there a camera system on the Ring Floodlight Wired?
