

Rise solar company

Overview

Is RISE Solar a good company?

The speaker has worked with many solar companies and considers RISE Solar to be the top one. They have installed two solar arrays from RISE Solar at their current home, with a total capacity of 25KW, making their home net energy neutral or even slightly positive.

What is RISE power?

RISE power is a fully licensed installer with over 15 years of combined experience in the solar industry. It was formed by founders who knew there was a better way to provide more value to customers by using the highest quality products tailored to the custom needs of your home. Loading.

Does solar increase resale value?

Texas Association of Realtors research and analysis revealed the average solar system increases the value of the home. After your residential solar tax credit reduces the cost by 20-26%, the TAR showed resale value of the home with solar increased over the cost of your solar panels. How much will it cost out of pocket?

.

What makes rise a good company?

RISE offers top notch panels, inverters, and materials that are competitively priced. The install team is professional and speedy, and overall, everyone at RISE demonstrates professionalism and customer service.

Does Rise Power owe a rebate?

Rise Power owes a rebate, according to Ben Bryner. However, his partner Adam disagrees. Ben acknowledged the issue but has not been able to provide a resolution after more than three weeks.
