

Scremower lithium battery

Overview

What is scremower smart lithium iron phosphate battery?

These items are shipped from and sold by different sellers. SCREMOWER Smart Lithium Iron Phosphate Battery integrates smart battery management system (BMS) not only protects this 12-Volt 100Ah LiFePO4 battery from various abnormal conditions: overcharge, deep discharge, overloading, overheating.

What is smart lithium iron phosphate battery?

SCREMOWER Smart Lithium Iron Phosphate Battery integrates smart battery management system (BMS) not only protects this 12-Volt 100Ah LiFePO4 battery from various abnormal conditions: overcharge, deep discharge, overloading, overheating. The state-of-the-art battery cells ensure a long cycle life and exceptional discharge performance.

Which LiFePO4 battery is best for outdoor camping?

Efficient Power: SCREAM POWER LiFePO4 battery's flat discharge curve holds above 12V for up to 90% of its capacity usage providing astronomical boosts in run-time compared to only 50% in Lead Acid. This product is your best choice for outdoor camping power and indoor easy installation.

Which battery is best for outdoor use?

Compare to heavy-duty lead acid battery, this lightweight, auto-balanced, ultra-safe, long-cycle-life lithium-ion battery is perfect for your outdoor using. Note: The positive and negative electrodes at the upper end of the battery cannot be charged at the same time as the charging port at the side of the battery.
