

Smart energy group

Overview

Who is smart energy?

Smart Energy is a leading home energy product sales company specializing in photovoltaic and battery storage systems. In Australia, the adoption of solar power is accelerating rapidly, driven by the national commitment to carbon neutrality, and the rate of solar power systems installations in detached homes is soaring.

What does SmartEnergy do?

At Smartenergy, our mission is centered around creating a cleaner, more sustainable world. As leaders in renewable energy, we continuously invest in innovative methods and projects to harness renewable energy and develop cleaner fuel supply. Our goal is to make these sustainable energy sources more accessible and affordable for everyone.

What is smart energy international?

Smart Energy International is the leading authority on the smart meter, smart grid and smart energy markets, providing up-to-the-minute global news, incisive comment and professional resources. Smart Energy International | News & insights for smart metering, smart energy & grid professionals in the electricity, water & gas industries.

Where is SmartEnergy based?

Smartenergy, founded in 2011, is headquartered in Wollerau, Switzerland. Beyond our Team in Wollerau, we rely on our own local subsidiaries in all our focus markets. Local knowledge and proximity to the industry stakeholders allow us to identify and secure opportunities at an early stage while creating synergies across the entire value chain.
