

Sol oil company costa rica

Overview

Who is Sol group?

The Sol Group, a member of the Parkland family, is the leading supplier of petroleum-based products and energy solutions in the Caribbean, as well as Central and South America. Twenty-three territories, four languages, countless regional dialects and accents. One focus: You!.

How is oil used in Costa Rica?

Oil-based fuels power millions of automobiles, aircraft and ships around the world and are integral to modern life. But burning oil is also one of the leading sources of CO2 emissions.

Where is Sol based?

Sol unveiled its first Sol-branded service station in Haiti before moving on to Anguilla, St. Kitts, St. Maarten and the British Virgin Islands a year later, when more Sol-branded service stations and convenience stores were unveiled. Our family continues to grow as we expand our reach to better serve the region.

How many service stations does the Sol group have?

Our family continues to grow as we expand our reach to better serve the region. Since the introduction of the Caribbean's first Sol-branded service station, The Sol Group has grown to an extensive family of a network of about 500 service stations, 14 aviation facilities, 24 marinas, and 32 import terminals across the region.

Does Costa Rica have an oil pipeline?

Costa Rica's state oil refinery Recope owns a 415-kilometer pipeline system stretching from the Caribbean port of Moín to Barranca on the Pacific coast. The main section of this system is a 12-inch diameter, 176-kilometer multi-product pipeline that transports fuel from Limón to La Garita via El Alto.
