

Solar Inverter project financing options in Finland 2025

Overview

The European Commission has announced the allocation of EUR 52 million in funding support through the EU Renewable Energy Financing Mechanism (RENEWFM) to nine renewable energy projects in Finland and Estonia.

The European Commission has announced the allocation of EUR 52 million in funding support through the EU Renewable Energy Financing Mechanism (RENEWFM) to nine renewable energy projects in Finland and Estonia.

The European Commission has announced the allocation of EUR 52 million in funding support through the EU Renewable Energy Financing Mechanism (RENEWFM) to nine renewable energy projects in Finland and Estonia. This amount nearly matches the total call available budget of €52.4 million and aims to.

The list of solar power projects under construction The list of solar projects under planning, 2/2025 The project list can be ordered in excel format from Renewables Finland as an individual order (€ 790 + VAT) or as annual subscription (€ 1490 + VAT inc. 2 list per year) The list is free of charge.

Nordic solar developer and independent power producer Alight has signed a facility agreement with ABN AMRO and SEB banks which will serve as a framework financing agreement for the financing of the construction and operation of more than 300 MWp of solar farms in Finland. Eurajoki solar farm.

The European Climate, Infrastructure and Environment Executive Agency (CINEA) has signed grant agreements with seven solar projects across Finland with a combined capacity of 212.99 MW. A total €27.5 million is being invested across the projects through the EU renewable energy financing mechanism.

Luxembourg is again funding renewable energy projects that will be implemented in other EU Member States. A total of EUR 52.4 million in funding is available through the EU Renewable Energy Financing Mechanism (RENEWFM). Finland is taking part in the RENEWFM for the second time by

inviting.

The European Commission (EC) provides €52 million to support nine renewable energy projects across Finland and Estonia. These initiatives include both solar and wind energy developments and are funded under the EU Renewable Energy Financing Mechanism (RENEWFM). This amount nearly matches the total. How much will Finland spend on solar projects?

Other Finnish projects include Lamminneva in Lappajärvi (€3.5 million), Isonneva in Suonenjoki (€5.6 million), JoSoleilTwo in Joroinen (€5.7 million), Lålby in the west (€5.9 million), and a smaller €1.1 million solar plant in Pori's designated handling zone. Estonia will receive €18 million to support two wind-based schemes.

How does renewables Finland track the development of solar power in Finland?

Renewables Finland currently maintains three up-to-date lists and statistics that track the development of solar power in Finland. The first is an annual statistic covering operational solar power projects, while the second lists projects under construction and third lists .

How many solar projects in Finland will be commissioned in 2027?

Collectively, the projects will add 445.65 MW of new clean energy capacity, with commissioning expected between 2027 and 2028. In Finland, seven solar photovoltaic projects—Laivakangas, Lamminneva, Isonneva, Lakiasuo, JoSoleilTwo, Lålby, and Pori Peittoo—will benefit from the funding.

Will ABN AMRO & Seb fund solar parks in Finland?

This milestone comes as part of a larger facility agreement with ABN AMRO and SEB, designed to fund over 300 MWp of solar parks across Finland. Warren Campbell, CEO at Alight, says: “ We applaud ABN AMRO and SEB for their leadership in financing the green transition, illustrated by this commitment to supporting sizable solar development in Finland.

How much does a solar project cost in Estonia?

Pori Peittoo Solar PV-plant: EUR 1.1 million to build a solar PV-plant on a specific material handling area. Two onshore wind projects in Estonia, enhancing the country's wind energy infrastructure. Püssi Project: EUR 9.8 million to develop a hybrid renewable energy park integrating wind and solar

energy.

How do I order a project list from renewables Finland?

The project list can be ordered in excel format from Renewables Finland as an individual order (€ 790 + VAT) or as annual subscription (€ 1490 + VAT inc. 2 list per year) The list is free of charge for Renewables Finland corporate members and can be found on the Extranet (you can get the Extranet login link from jasenpalvelut@suomenuusiutuvat.fi).
